To whom it may concern

Pierre-Jean de Stexhe is presently student in the third year of the Bachelor of Engineering degree at the Louvain School of Engineering. He is a student very dedicated to his studies, who performs well in exams, and who is very much appreciated by Professors for his kind character and willingness to learn and progress at best. I strongly support him in this new ambitious project and I wish him and his mates much success and pleasure in their adventure.

A handwritten signature in black ink, appearing to read 'F. Delannay', written over a horizontal line.
